"A Rose Smells Just As Sweet" ...

An instance of the type of propaganda used to break down American immigration laws has recently appeared in newspapers throughout the country.

The article in question, prepared by a central agency, begins by saying: "HOUSEWIVES OF AMERICA, are you tired of being tied down by domestic chores? Do you long to have help with the dusting, scrubbing and meal making? Does the constant search for good baby sitters exhaust you? Then what you need is an au pair."

Then, the article explains, "Au pairs are European girls who will come and live with you in your home and in short order become about as important as your right arm. They're not servants but are temporary members of your family and very useful ones, indeed."

Sounds like a hit-and-run vendor telling you the wonders of a patent medicine. This is just another instance of organized efforts being made to bring Europeans to America through one of the few channels left open.

When the McCarran-Walter immigration bill was being debated in Congress a few years ago, it was fought hammer and tongs by groups bent on throwing open the floodgates of immigration. They had powerful allies in both Houses of Congress who wanted to solve Europe's ills by bringing their surplus population to America. But the majority prevailed after yielding to a few loopholes through necessity.

One of the loopholes was to allow a European to come to America to fill a need for those trades where shortages exist, such as tailors and household domestics. Immediately these organizations went to work to bring Americans as possible who would hire a European sight unseen.

They are clever. They have set up a plan to bring more immigrants to America and have had the gall to call it "The American Plan." Under this "American Plan" they ask you to hire a girl from Europe to work in your home as a domestic.

NEW '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth ride! That's the luxury car in everything but price.

The '61 Chevy loves to go because it goes so well. Turns along pavements like a happy baby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less bounce, less dip, less dive, less tilt, less noise, less ... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and readiness to relax in. Add a full measure of quiet good looks. Well, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

See the new Chevrolet cars, Chevy Corvairs and the new Corvair at your local authorized Chevrolet dealer's.
